

**Workshop on (Morpho)-phonological Processing
April 11- 14 2016, Ettington Park**

Organised by the University of Oxford, Language and Brain Laboratory, Faculty of Linguistics, Philology and Phonetics

Monday April 11			
9.30	Aditi Lahiri, Vipul Arora, & Henning Reetz	Oxford, Frankfurt	FUL implications and implementation
10.45	<i>Coffee</i>		
11.15	William Idsardi	Maryland	Unwinding morpho-phonology
12.30	<i>Lunch</i>		
2.00	Yuri Shtyrov	Aarhus	Disentangling morphosyntactic interactions using neurophysiology
3.15	<i>Coffee</i>		
3.45	Matt Davis	MRC Cambridge	Predicting, perceiving and learning to understand degraded speech
5.00	<i>Break</i>		
5.15	Nadja Althaus, Janette Chow & Allison Wetterlin	Oxford, Agder	Perception of place-feature mispronunciations in EEG and eye-tracking
6.30	<i>End of presentations</i>		
7.00	Drinks & Dinner		
Tuesday April 12			
9.30	Paula Fikkert	Radboud	Acquisition of place of articulation: on the differences and similarities between labials, coronals and dorsals
10.45	<i>Coffee</i>		
11.15	Joan Sereno	Kansas	Observing underlying and surface representations in tone sandhi
12.30	<i>Lunch</i>		
2.00	Carsten Eulitz	Konstanz	The word-deriving brain
3.15	<i>Coffee</i>		

3.45	Linda Wheeldon	Birmingham	Beyond decomposition: processing zero-derivations in English visual word recognition
4.45	Swetlana Schuster	Oxford	Hidden Morphology
5.00	Break		
5.15	Sandra Kotzor & Kai Alter	Oxford, Newcastle	Featural mismatches in vowels: place & nasality
6.30	<i>End of presentations</i>		
7.00	Drinks & Dinner		
Wednesday April 13			
9.30	Allard Jongman	Kansas	Phonological neutralization: acoustics, processing, and acquisition
10.45	Coffee		
11.15	John Kingston	UMass	When do words influence perception? Converging evidence that the Ganong effect is early and variable
12.30	Lunch		
2.00	Allison Wetterlin & Adam Roberts	Oxford, NTU Singapore, Agder	Representation of duration: evidence from Bengali and English
3.15	Coffee		
3.45	Colin Phillips	Maryland	Linking speaking and understanding: underlying mechanisms with very different surface effects
5.00	Break		
5.15	Beinan Zhou, Allison Wetterlin, Aditi Lahiri	Oxford, Agder	Tones & Tonogenesis
6.30	<i>End of presentations</i>		
7.00	Drinks & Dinner		

Funded by the ERC Advanced Grant awarded to Aditi Lahiri

Research Fellows: Kai Alter (also Newcastle), Nadja Althaus, Vipul Arora, Janette Chow, Sandra Kotzor, Adam Roberts (NTU Singapore), Allison Wetterlin (also Adger), Beinan Zhou

Other participants

Faculty and Postdocs: Matt Husband, Janet Pierrehumbert, Holly Kennard, Stephen Politzer-Ahles, Christos Pliatsikas

DPhil students: Swetlana Schuster, Noriko Tanigawa, Hilary Wynne, Cong Zhang
